Our client, located in Indianapolis, Indiana, is currently seeking to fill the position of Road Design Engineer. If you are a motivated and professional individual, who will improve the efficiency of their team, we encourage you to apply today!

Job Description

This Company is seeking experienced, licensed road design project managers with experience in all aspects of civil design for roadway projects including but not limited to:

- Interstates.
- Urban Streets.
- Various Intersections Including Roundabouts.
- Small and Large Scale Highway Improvement Projects.
- Hydraulics Design.
- AutoCad/Civil 3D, and/or Microstation/GeoPak for road design modeling.
- Familiarity with AASHTO and INDOT design manual requirements and design standards.

Requirements

- Bachelor's Degree in Civil Engineering or related.
- PE License.
- 3+ years of experience in civil design for roadway projects.
- Experience with AutoCAD/Civil 3D or Microstation/GeoPak for road design modeling.
- Familiarity with AASHTO and INDOT design manual requirements and design standards.

Responsibilities

- Ensure deadlines and cost targets are met.
- Maintain required project documentation.
- Serve as a liaison between business and technical aspects of projects.
- Manage Clients.

Competencies

- Strong project management skills.
- Excellent verbal and written communication skills.
- Strong analysis and critical thinking skills.
- Deadline and detail oriented.
- Must be able to solve complex problems and provide viable alternate solutions.
